How PLEASANT'S surprise it is to see the miracle of a novel motion in objects that are usually insuimatef. We have seen a rope walk, a note run, a watch spring, a horse fly, and Sarato-ga hop; and next summer we shall go over the Rockys to see the big tree leave and the Pacific slope.

Young man, to achieve success, you must fight for it with indomitable pluck and persistency. By industry, by self-control, by self-denial, by undeviating integrity, character is made; and character is the best part of capital. Gambling and billiards, character and there are successful to the control of th paign and turf, are as surely destrutive to a business reputation as arsenic or prusic acid is to physical life. A few may indulge in them and die; but money by buying The Great United of what use in the world are such emasculated creatures except to enjoy themselves after a selfish fashion, and States Tea Company's Teas, sold at die unmissed, because they leave no place of usefulness vacant. Youth and young manhood is the time for work young manhood is the time for work to climb up the hill. And there is happiness in work if one takes it heartily and cheerfully. There is a manly pleasure in attacking and overcoming difficulties, and a grand consciousness of duty done ennobles the conquerer. God help us! It is perfectly amazing how so many of the young are so dazed by their passions, and the devil, that they do not see wherein their own best good consists. They seem out of place in this busy world.

ADVICE TO LITTLE GIRLS. BE MARK TWAIN. Dogg 88

Good little girls ought not to make mouths at their teachers for every trifling offense. This retaliation should than any place else in Portage Co. aggravated circumstances.

If you have nothing but, a rag doll stuffed with saw-dust, while one of

your more fortunate little playmates has a costly china one, you should treat her with a show of kindness, nevertheless. And you ought not to attempt to make a forcible swap un-less your confidence would justify you in it, and you know you are able

You ought never to take your little Great United States, Tea Company's, brother's "chewing gum" away from a him by main force; it's better to rope him in with the promise of the first two dollars and a half you find floating down the river on a grindstone.— In the artless simplicity natural to his time of life, he will regard it as a perfectly fair transaction. In all ages of the world this eminently plausible fic-tion has lured the obtuse victim to

financial ruin and disaster.

In any time you find it necessary to correct your brother, do not correct im with mud-never, on any account throw mnd at him, because it will spoil his clothes. It is better to scald him a little, for then you attain desirable results. You secure his immediate attention to the lesson, you are inculcating, and at the same time your hot water will have a tendency to re- RICKEY'S Drng Store. move impurities from his person, and psssibly the skin, in spots.

If your mother tells you to do a thing, it is wrong to reply that your won't. It is better and more becoming to reply that you will do as she bids you, and then afterwards act quietly in the matter according to the dic-

You should ever bear in mind that it is to your kind parents that you are indebted for your food, and your nice bed, and for your beautiful clothes, and for the privilege of staying home from school when you let on that you are sick. Therefore you ought to respect their little prejudices, and humor their foibles until they get to crowding you too much.
